Principal's Message

My first year of joining as the Principal of DAV College Bathinda has given me a wonderful insight into the grit and determination put in by one and all in the institution. In the endeavour of catapulting the institute to a premier status, I owe immensely to the blessings of God and the Arya Rattan Dr. Punam Suri Ji, President, DAV College Managing Committee, New Delhi. Words when transformed into actions, roll out the exuberance of excellence. The work done by us has been acknowledged across a number of different benchmarks.

The launch of this issue of the newsletter brings to fore the significant number of winners and participants in academics, sports and extra mural activities which take cognizance of the fact that our faculty and students are adequately equipped and possess necessary skills to bring laurels to the institution. I wish that this number knows no bounds in the years to come. In its expeditious onus, the college aims not only at harnessing the unparalleled intellectual power and holding extraordinary promise for future achievement, but has ingrained the dictum of serving the society too. It has undertaken many noble non-profitable ventures for the cause of the society and transmitted it further to the young brigade of the institution.

I am glad to acknowledge the perseverance of the editorial team and the corroborative effort of those involved directly or indirectly with the newsletter to make it see the light of the day.

TEN PRINCIPLES OF ARYA SAMAJ

- God is the efficient cause of all true knowledge and all that is known through knowledge.
- God is existent, intelligent and blissful. He is formless, omniscient just, merciful, unborn, endless, unchangeable, beginning-less, unequalled, the support of all, the master of all, omnipresent, immanent, un-aging, immortal, fearless, eternal and holy, and the maker of all. He alone is worthy of being worshipped.
- The Vedas are the scriptures of all true knowledge. It is the paramount duty of all Aryas to read them, teach them, recite them and to hear them being read.
- One should always be ready to accept truth and to renounce untruth.
- All acts should be performed in accordance with Dharma, that is, after deliberating what is right and wrong.
- The prime object of the Arya Samaj is to do good to the world, that is, to promote physical, spiritual and social good of everyone.
- Our conduct towards all should be guided by love, righteousness and justice.
- We should dispel Avidya (ignorance) and promote Vidya (knowledge).
- No one should be content with promoting his/her good only, on the contrary, one should look for his/her good in promoting the good of all.
- One should regard oneself under restriction to follow the rules of society calculated to promote the well being of all, while in following the rules of individual welfare, all should be free.
