Further in order to upgrade the technical knowhow and enlighten the faculty on the aspects of research, a week long Faculty Development Programme on "Research Trends in Digitization and Research Methodology" was organized. The credibility of any institution rests upon its students who make the name of their alma mater radiate by their acts and deeds. A resplendent Alumni Meet was thus organized which dazzled with the presence of the distinguished alumni of the college since its inception in 1969, hailing from different parts of the country and from different walks of life.

The accomplishments of the students also rolled out the exuberance of excellence, be it in academics, sports, NSS, NCC or extra mural activities. They went as far ahead to attain the highest award from His Excellency, the President of India and won many national and international awards. TEN PRINCIPLES OF ARYA SAMAJ

- God is the efficient cause of all true knowledge and all that is known through knowledge.
- God is existent, intelligent and blissful. He is formless, omniscient just, merciful, unborn, endless, unchangeable, beginning-less, unequalled, the support of all, the master of all, omnipresent, immanent, un-aging, immortal, fearless, eternal and holy, and the maker of all. He alone is worthy of being worshipped.
- The Vedas are the scriptures of all true knowledge. It is the paramount duty of all Aryas to read them, teach them, recite them and to hear them being read.
- One should always be ready to accept truth and to renounce untruth.
- All acts should be performed in accordance with Dharma, that is, after deliberating what is right and wrong.
- The prime object of the Arya Samaj is to do good to the world, that is, to promote physical, spiritual and social good of everyone.
- Our conduct towards all should be guided by love, righteousness and justice.
- We should dispel Avidya (ignorance) and promote Vidya (knowledge).
- No one should be content with promoting his/her good only, on the contrary, one should look for his/her good in promoting the good of all.
- One should regard oneself under restriction to follow the rules of society calculated to promote the well being of all, while in following the rules of individual
